Carbon with glass fiber top cover

Designed to provide corrosion resistance, the carbon fiber top cover adds glass fiber.

Aluminum-magnesium alloy bottom cover and palmrest

The aluminum magnesium alloy bottom cover and palmrest provides high strength to protect all the key components inside.

Acer ProDock III

Extend your productivity

Designed with ease of use and style in mind, the Acer ProDock III is built for you. This is thanks largely to the streamlined shape of the device alongside well-placed ports. Now, mounting your TravelMate atop the Acer ProDock III has never been easier while allowing you to work more efficiently. With the Acer ProDock III, organization comes first.

- **Streamlined Shape...** The Acer ProDock III is designed for the TravelMate P6 series in sizes of 14 to 15 inches.
- **Smart ports positioning...** The Acer ProDock III makes use of a number of display ports (VGA, HDMI, Display Port and DVI-D) in order to promote multi-tasking. Four USB 3.1 ports are ready for use with two able to support power-off charging.
