

Just what you need to organise your busy life

HP iPAQ 114 Classic Handheld

The HP iPAQ 114 Classic Handheld is a stylish personal organiser for busy people from all walks of life. Designed to keep your life in balance, this sleek handheld is an affordable companion to your mobile phone.

Stay organised and energised on the go

It's easy to keep your calendar, contacts, and tasks with you and up to date. Stay productive with familiar software tools at your fingertips – Microsoft® Office Mobile includes Word Mobile, Excel® Mobile and PowerPoint® Mobile. Bring your important documents and files from your PC with you on the go. Balance your work and life with digital entertainment. Listen to music and watch videos with Windows Media® Player Mobile. View, share, and manage your photos with HP Photosmart Mobile. Play pre-installed games or download your favourites from the Internet.

Connect when you want to keep in touch with the people who matter

Integrated Wi-Fi networking makes it easy to access Internet and email at the office or home, and at other Wi-Fi hotspots at airports, cafes and hotels^{1,3}. Connect to your company's Exchange server to securely synchronize your email, contacts, and appointments. Connect to Bluetooth® accessories like headsets and keyboards to be more productive, or just have fun. You can even connect to your Bluetooth mobile phone to go online^{1,2}. The Wireless Connection Manager helps you extend your battery life by checking your connections and turning them off when you're not using them.

Get it done, and look good doing it

The iPAQ 114 suits your style, in any situation. Just over 1.3 cm thin and just 114.6 grams light, it fits securely in your hand with a non-slip finish. Easily see what you're doing, indoors and out, on the big, bright 8.9 cm touch screen display. Balance life and work with this powerful, stylish, and affordable personal organiser.

¹ A standard WLAN (Wi-Fi) infrastructure, other Bluetooth-enabled devices, separately purchased equipment, and a service contract with a wireless airtime provider may be required for applicable wireless communication. Wireless Internet use requires a separately purchased service contract. Check with wireless network service providers for availability and coverage in your area. Not all web content available;

² Requires Bluetooth-enabled mobile, separately purchased wireless carrier/Internet service plan(s) and supporting IT infrastructure;

³ Wireless access points required and are not included. Availability of public wireless access points is limited. Wireless Internet use requires separately purchased Internet service contract.
